LIMPOPO OPEN LANDROVER XCO MTB EVENT @ SLC

On Saturday the 24th of June, Stanford Lake College hosted the final round of the 2017 Limpopo Open XCO series, the Land Rover XCO Mountain Biking. The event took place on a new track, where changing some sections from last year and adding a few features, allowed for a better race setup and a more spectator friendly race. This, however, meant that there was an interesting climb to the finish which made for some spectacular racing.

There were three different courses for the day's racing: A primary school's track, a short course and a long course. The primary school's track was a 2km loop consisting of a demanding single-track going down the valley and a winding hard climb back up. The short course was a 4.2km loop for the Sub-junior Boys and Girls, Vet Women and the Master Men and Women. This loop had some interesting features and fast single track sections. The long course included some technical single-track with some demanding features like drop-offs and rock-gardens. This loop was 4.7km long and was designated for the Youth Boys and Girls, Junior Men and Women, Elite Men and Women, Sub-Vet Men and Women and the Vet Men categories.

The Limpopo finals had a record number of entries for the series with a total of 109 riders. It was a busy day with registration starting at 6:30am. The races started at intervals with the first one starting at 8am. Prize giving was at 12:30pm, so there was no time for sitting. It was a cold morning, (as expected on race day at Stanford!), with some morning mist and a cool breeze blowing throughout the morning. The sun peeked through the clouds just as the racing ended. The level of racing varied with some intense racing for the top spots, some battling just to keep pedalling and some riders just enjoying every moment. SLC managed to claim a few podiums with Herman Fourie sprinting into 1st place in the Sub-Junior Boys; Ani Gutierrez and Lara Dando (*picture below right*) finishing 2nd and 3rd respectively in the Youth Girls. Casper Venter (*picture below left*) clinched 3rd in the Youth Boys and Matt Wilkinson finished in a spectacular 1st place in the Junior Men.

SANESA 4TH ROUND RESULTS

The 4th and final qualifier round of this equestrian event in Limpopo was held last weekend at Blouberg. Two Grade 11 girls from Stanford took part. **Sarena Wolff** on Jervis came 1st in the 1.10m Competition Class and 1st in the 1.10m A2 Competition Class. Sarena has qualified to represent Limpopo at Nationals in October. **Tammy Dyason** on Warrior came 5th in the 0.7m Competition Class and 3rd in the 0.7m A2 Competition Class. We await to hear if Tammy has qualified to go to Nationals.

SLC would like to say a big thank you to the main sponsor, Land Rover Polokwane, for supporting this event and for the development of mountain biking in Limpopo. Without Sponsors like this, these events cannot take place. Also big thanks to the Stanford team and the local support. Stanford Lake College's mountain biking is built on the back of the supportive community and some hard working staff.

Mr Tiaan Fullard

**HIGH PERFORMANCE CENTRE HOLIDAY
OPENING TIMES**

The High Performance Centre will be open for the first week of the July holidays from Saturday 1st to Friday 7th July, from 08:00 – 12:00 and again from 14:00 – 18:00 each day.

Thereafter it will be closed for renovations and upgrades until school reopens on Tuesday 25th July.

BEST WISHES FOR A HAPPY HOLIDAY!
We wish all pupils, parents and staff an enjoyable well deserved holiday. Keep warm and safe travels and we will welcome you all back on Monday 24th (Boarders) and for the start of Lessons on Tuesday 25th July.
