

PRESIDENT'S AWARD

It was with great pride that a number of our students were invited to attend the prize giving for the Limpopo President's Award Programme. Stanford Lake College was acknowledged for being the school with the most enrolled students in Limpopo and special thanks were given to Mr Matthew Venter for the essential role he played in enrolling and encouraging students to successfully complete the programme. Students and parents were addressed by a powerful speaker, Ms Tshepo Mathabatha. She reminded everyone that, as young people, there are no promises of jobs in the future, but with the necessary skills and attitude, one can ensure one's success no matter what the circumstances. She emphasised that many of these skills can be acquired or learnt by various opportunities like the President's Award Programme. Over the past year the following students completed the various levels of the programme and we look forward to them completing the ultimate Gold Award.

The two ladies behind them are Mrs Palesa Matuludi (TPA Programme Manager for Gauteng and NW Province) who runs the President's Award programme in Limpopo & Mrs Dineo Matsheka (TPA Programme Manager for Limpopo) who will be taking over from her. In front are two gentlemen from the Department of Education in Limpopo, the Headmaster of Mitchell House, Mr A Cook, & Miss Chantelle Rossouw from Stanford Lake College

TRINITY SPEECH & DRAMA EXAMINATION RESULTS

We were privileged enough to take 16 students to the Trinity College Speech and Drama exam this year. As always, our students excelled and performed their exams like professionals. Four of the 16 students completed Grade 3 and 11 completed Grade 5 exams. Six students completed their Grade with a Distinction (85% or more) and 5 with Merit (75% - 84%). We would like to congratulate all students on their brilliant results.

'TOUR DE LIP' SPUR MOUNTAIN BIKE SERIES RACE REPORT

The last leg of the School Spur Limpopo MTB series took place at Hanglip (near LTT) on 16th September. The 'Tour de Lip' made sure to serve up a host of excellent races and nail biting finishes, despite the competitors racing in the scorching sun. SLC had 22 riders on the day and did very well, dishing up a multitude of podium finishes and coming 2nd in the event. The Provincial team was then announced and SLC riders selected were : Ani Gutiérrez-Hernandez, Danica Altenroxel, Herman Fourie, Lara Dando, Lea Revelas & Matthew Wilkinson. **Congratulations to them all!**

LEADERSHIP 2018

From 6 – 13th September the Grade 11 students attended a Leadership Training Workshop led by Mr Carolan and a few of the staff members. Fruitful discussions took place on various key components of leadership at Stanford Lake College. The discussions covered how the leadership body for next year should be elected, what characteristics each leader and 2018 Grade 12 pupils should embody, and how to successfully interact and nurture relationships with the younger grades.

It was evident from watching these amazing young people that every single one of them has a real sense of compassion for each other and the Grade's foundation is built on a genuine sense of integrity.

It was humbling for all staff to witness how these students really listened to others without any judgement or rebuke.

The week proved that every student in the year group can and will be a true ambassador for the College and that, with or without a title, they are a Grade that can lead the school with all the core values Stanford Lake College holds dear.

Miss Chantelle Rossouw

At the conclusion of the Leadership Week, those Grade 11s who put their names forward for election were voted for by all the pupils and staff for positions of Leadership in 2018. Congratulations to them all!
