## STANFORD WELCOMES NEW STAFF

### Sean-Michael Ceronio

Sean-Michael is from Piet Retief and has recently completed his Human Movements and Sports management Degree with Maths as his main elective at the University of Pretoria. He completed his Internship at Uplands College. Currently he teaches Mathematics to Grades 8, 9 and 10 as well as Life Orientation to Grade 10s.

### Craig Allen

A previous student of Stanford Lake College, Craig matriculated in 2005. He started working in the IT industry directly after school in Tzaneen and later moved to Johannesburg to study further in IT. He has had the privilege of being the IT Manager for Medicines Sans Frontiers SA, Starlight Cruises and Resolution Health. Craig is excited to be working on innovative new projects for the school and all the challenges that they present.

### Izet Bredenhann

Another Alumnus of Stanford Lake College, Izet completed her BA Degree in Psychology, majoring in psychology and criminology at The University of Pretoria. After a few years of travelling and dabbling in the field of Interior Design, her passion for art has led her to becoming the interim Art Teacher for the Visual Arts Department at Stanford Lake College.

### Adin Bennett

Adin comes from Southcity Christian Schools in KZN where he was a Junior Primary Sports Co-ordinator and head of the hockey programme. His position at Stanford Lake College is Director of Hockey and Physical Education teacher for Grades 9-11. As Director of Hockey, he would like to develop a strong hockey programme, making Stanford the leading hockey school in Limpopo. He firmly believes in the quote by Allistar McCaw: "Your effort level is a direct reflection of your interest level. You don't need to tell anyone how invested you are; your actions will."

### Monique Scheepers

Monique Scheepers studied Human Movement Science and Psychology at NWU Potchefstroom and did her Post Graduate Diploma in Senior Education with Unisa. She is currently employed as the Director of Girls' Sport, while still playing hockey. Monique also teaches LO and Physical Education to Gr8s.

### Dugald Park

No stranger to Stanford, we warmly welcome back Dugald Park (back centre in picture) who joins us again, this time as the Grade Head of the new Grade 8 Bridging year, which has 13 students. He teaches them all subjects except drama, visual arts, music and physical education.

## THE ADVENTUROUS CHOICE

Stanford Lake College

AN INDEPENDENT, CO-EDUCATIONAL BOARDING SCHOOL

Email: [mbanks@stanfordlakecollege.co.za](mailto:mbanks@stanfordlakecollege.co.za) • [www.slc.co.za](http://www.slc.co.za)

## STANFORD HOSTS ROUND SQUARE HEAD OF PROGRAMME DEVELOPMENT

Stanford recently hosted Aimee Theodore, the Head of Programme Development at Round Square International (situated in the UK). Aimee also participated in the Grade 12 Leadership Camp. She spent the first week of the first term here, observing the implementing of the Round Square Discovery Framework in the classroom, as Stanford is one of only a handful of schools worldwide piloting the curriculum. The Round Square Development Framework is built on six SPIRITS – (IDEALS) - Internationalism, Democracy, Environmentalism, Adventure, Leadership and Service. Within these six SPIRITS are found the twelve DISCOVERIES which assist our students with learning essential life skills such as a sense of responsibility, compassion, inquisitiveness, tenacity and the ability to solve problems. Seen here in the photo is Aimee Theodore on the left and Amy Taylor, the Head of Round Square at Stanford Lake College.
