

SECOND ROUND SANESA EQUESTRIAN COMPETITION

The two Stanfordians who are competing in this event, took part in the second qualifier for 2018, held at Blouberg Ryskool in Vivo. It was most probably one of the windiest weekends in Vivo! The uprights and jumps were blown over, just to add excitement to the day....and to scare most of the horses!

Sarena Wolff (Gr 12) had an excellent show, with two 2nd places in the 1m show jumping class on her horse, Warrior. She also got a 1st place on Jervis in the 1.2 m class. A wonderful achievement. Sarena earned 710 points for SLC.

Ruben le Roux (Gr 8 – Bridging Class) also had outstanding success. He participated in 5 classes. For show jumping, he got two 2nd places in the two 90cm classes, a 1st place in the handy hunter class (a team event with another rider from Polokwane), a 1st place for 90cm equitation and another 1st place for 90cm working hunter. Ruben earned 1135 points for SLC. *Photo : Ruben & Our Mattox*

Stanford Lake College have so far earned 3000 points for 2018. SLC is currently in 4th place for high schools in Limpopo! Well done to both highly talented riders.

BUSINESS STUDIES – FIELD TRIP REPORT

Last week a group of 21 Grade 11 Business Studies students visited the Malati Milk Dairy in Gravelotte. Despite the sweltering heat, we got the chance to see an alternative approach to the different business sectors and functions – more physical and hands-on. You can imagine, if the farm kept 900 cows, how much work all of this would be!

From milking the cow, to purifying the milk and finally packaging and producing other dairy products, to be distributed and sold.

In order for the farm owners to be conservationists, they sell by-products, such as manure, so that it doesn't go to waste. We were also able to see the typical business side, with books, pens and a handful of fake money! To end the trip off, we had the opportunity to see the lions on the farm which are part of sustainable environmental practices in the food chain and are fed cow carcasses.

Thank you to both Mr Britton and the Thom family for such a lovely experience. We learnt a lot. *Ledile Kgopong (Gr 11)*

GOLF RESULTS

Our C team played on Friday, 16 March in Polokwane against PHS and Tom Naude. They played very well in the 2 matches, beating Tom Naude 4/0 and PHS 3/1. They play again next term on 13 April. *Mr Neil Haarhoff*

HUMAN RIGHTS DAY & FOUNDERS DAY ACTIVITIES

A Founder pupil of SLC in 1998, Samuel N'tsanwisi, seen here with Headmaster, Craig Carolan, addressed the students in the Barnyard with an inspirational message for Human Rights Day. This was followed by raft building and inter class activities on the Lake.

THE VENTERS HAVE A BABY BOY!!

Samantha (Life Sciences teacher) and Matthew (Estates Manager) Venter are absolutely thrilled to announce the safe arrival of baby Duke Michael at 4am on Thursday 22 March – 3.07 kg. Baby, Mom and Dad are all doing extremely well! All of Stanford congratulates you both on this very special arrival!

"THE WIK" OFF ROAD TRIATHLON REPORT

"The Wik" (short course) was won in the women's category by Lia Revelas (Gr 10), with another Stanford girl, Ani Gutierrez-Hernandez (Gr 11) 2nd. This is the first time a girl student has crossed the line before a male SLC participant! Lia was awarded "The Wik" trophy. The winner of the men's race was Kuno Venter. The long course (Stanfordian Challenge) saw a parent from SLC, Walt Katzke, take the Men's honours and Britt Dando won the Women's category. Thanks go to everyone who supported the day and especially the sponsors: Nashua Limpopo, Paintpot, PPS & Dust Suppression Technologies.

GLENSHIEL SCHOOL EASTER EGG FUN HUNT

The Easter Egg Hunt happened on Monday 18th at Glenshiel School. A very exciting and happy time was had by the little people. The day started when coloured hard boiled eggs were given to the children for their tea and then the FUN HUNT followed just after lunch.

These coloured hard boiled eggs were a hit as a morning snack!

Exchange student Elisia from Colombia (L) and Petra Macchiarula packing the Easter Egg gifts

Bunny ears were given to them to wear to add to the Easter theme. A VERY BIG THANK YOU to all at Stanford who so generously donated a large number of chocolate eggs! It was such an exciting event for these children in our community. *Jaiden Taggart - Interact*
