

ARRIVAL OF RADFORD COLLEGE MINI-EXCHANGE

Friday, 24th August dawned bright with excitement as the Stanford Lake College students landed in Johannesburg returning from Canberra, and the Radford College students arrived at Stanford, their home from home for the next 5 weeks. The two days apart spent in transit by our students really took its toll and there was so much talking and laughing and catching up to do being back together again that I'm not sure our SLC parents even got a look in!

The Radford students, accompanied by their teacher Mr Brett Lamson, joined the Stanford students in class this week, bustling with enthusiasm. They have enjoyed experiencing different classes and finding their way around a brand new campus. This weekend the group are going to enjoy an opportunity to see some of our world famous wildlife with a visit to Kruger National Park, holding thumbs they encounter the Big Five. The Stanford students are enjoying the experience of seeing our school and our environment through the eyes of our visitors and the reminder that what is normal for us is amazing for others.

Ms Tamara Nel

PRESIDENT'S AWARD

The President's Award is one of the many success stories Stanford Lake College can be very proud of. In the past year only, we have had 5 students completing Silver and 30 students completing the Bronze level. The achievement the school can be extremely delighted about is the Gold level certificate that has been awarded to Cailin Desmet. Well done to her, it is a great accomplishment.

Currently Stanford has 102 Bronze level and 6 Silver level students enrolled for the President's Award. We are looking forward to many of our Bronze enrolled students completing their course for their awards by the end of the year.

Ms Chantelle Rossouw

AMAZING RACE FUND RAISER

On Tuesday, 28th August, **The International Committee**, headed by Grade 12 pupil Moné McCabe, held the Stanford Lake College Amazing Race. Students from all grades dressed up for the race and made up teams. They went searching for clues, which had been devised by the International Committee. They were placed all over the campus, so a lot of ground had to be covered to collect all the clues! The grand prize, which was a pizza lunch for 10 people, was deservedly won by Cailin Desmet, Tayla Connery and Jordan Schoeman.

All the money that was raised from this event will be used to assist students who would like to attend a Round Square International Conference, but lack the financial means to do so.

CRICKET U/15 MATCH RESULTS vs MERENSKY

On Thursday 30th, the u/15 team travelled down the mountain to go and play against Merensky. We lost the toss and were asked to bowl first. It was a rough start for us and we were on the back foot from the word go. We pulled things back and had the opposition on 96/6 after 23 overs. They ended up scoring 149/7 in their allotted 30 overs. The pick of the bowlers was Christian Kruger taking 4 wickets for 31 runs in 6 overs and Ethan Jones who took 2 wickets for 16 runs in 6 overs. We had a tough time batting and in the end we were bowled out for 66. We lost the game by 83 runs.

Mr Bernard Pretorius

GOOD MORNING ANGELS

Following a hugely successful Martin Bester show "Vir die Liefde Toer" held in the SLC Barnyard last Friday, our Head Girl, Elané Maritz, was interviewed by Martin Bester and Dianne Broodryk the following Wednesday morning on the Good Morning Angels Breakfast Show on Jacaranda. The fundraising at the Barnyard show was boosted by a donation from the students who visited Nepal in July as well as SLC's Dream 'n Do Foundation. The money went towards a disabled family of three sisters in the Tzaneen area who live with muscular dystrophy. With kind acknowledgments to Martin Bester, please go to the link below for more:

PYJAMA DAY AT STANFORD

A civvies day was held on Wednesday where both pupils and staff got into the spirit and attended class dressed in their pyjamas! The funds raised by the Grade 10s go to next year's Matric Dance.
