FLY FISHING COMPETITION NEWS

Eleven students from Limpopo, 9 of whom were from Stanford Lake College, represented the Limpopo A and B Teams in the National Fly Fishing Competition held in the Western Cape from 3 - 7 October. The A team finished a credible 5th place overall, their best ever placing, with the B team placed 10th out of the 12 competing provincial and international teams.

Marthinus Maritz from Stanford was presented with his South African Colours having represented the South African Team in the Czech Republic earlier this year. Christian Schmidt, who also captained the team, was awarded the Best Sportsmanship Award for the second year running. Congratulations to both teams on their excellent achievements.

A SAD FAREWELL TO ROB BRITTON

We are very sad to inform the community that Mr Rob Britton, Business Studies and Economics teacher at Stanford since 2012, passed away on 11 October after an on-going battle with cancer. He will be sorely missed by staff and pupils alike. Rob Britton was passionate about the gym that he started and ran at the school.

Our sincere and heartfelt condolences go out to his wife Michele and their children Jonathan [Matric 2003] and Natalie.

SANESA NATIONAL EQUESTRIAN CHAMPIONSHIP FINALS

Over the past few months, Snapshot has reported on the successful progress through the qualifying rounds of our two equestrian athlete students, Sarena Wolff (Gr 12) and Ruben le Roux (Gr 8-0). They were both selected to represent Limpopo at the finals for the province and also competed as the Stanford team. Out of 18 schools in Limpopo, they came in a very creditable 7th place, something Stanford can be very proud of. In the final rounds, Sarena earned a 4th and a 6th place on the Limpopo score sheet on Warrior, and Ruben bagged two 2nd places, despite his horse, Our Mattox, having been in hospital at Onderstepoort for a month prior to the finals. Well done to both of them on their great achievements. SANESA Limpopo will host the annual prize-giving on 20 October in Marble Hall.
