Haenertsburg ARTSHOP will put your boxes together and deliver to the school.

For your School account to be debited please send me an email with permission for the accounts department.

karino@stanfordlakecollege.co.za

Unfortunately you cannot mix oil and acrylic brushes

The listed brands are better quality and their pigment ratio to ml is denser so they stretch further. Cheaper brands use up quickly and you need to replenish more often so invest in the good paints and brushes!

You will also need:

Old glass jam jars with lids for turpentine and yoghurt cups for water.

Old rags to clean your brushes with.

A palette. Do not buy one; you can use any rigid non absorbent surface eg. 2l ice cream lids etc.

As each project has different requirement i.t.o. canvas sizes it is not necessary to buy any canvasses until proper planning has been done in the Visual diaries.

You will be told in advance when to buy canvasses.
